CHARITY & FUNDRAISING WEBSITE PROJECT

INTRODUCTION

This project is a group-based activity where each team will design and develop a **Charity & Fundraising Website**. The website should be interactive, well-designed, and follow modern web standards (W3C-compliant). In addition, you will deliver an oral presentation on the design and implementation of the website. The project will involve creating a functional Charity & Fundraising Website using HTML and CSS only.

QUESTIONS (CLO1, P4)

1. Construct an Interactive CHARITY & FUNDRAISING WEBSITE using HTML and CSS only.
The website MUST include the following features:
 - a. The website MUST contain at least 5 sections:
 - Home (Introduction to the charity and its mission)
 - About Us (History, vision and goals of the organization)
 - Campaigns (Showcase active charity campaigns with details)
 - Get Involved (Options for volunteering, donations and partnerships)
 - Contact Us (Provide ways to reach the organization)
 - b. The Contact Us page MUST contain a form with the following fields:
 - Full Name
 - Email Address
 - Subject
 - Message
 - c. The website MUST include:
 - Relevant images representing charity activities
 - Properly structured navigation menus
 - Appropriate CSS styling for readability and engagement

2. Storyboard Requirement:

- a. Each team is required to create a storyboard for the Charity & Fundraising Website, illustrating the layout and design choices for each page.
- b. The storyboard **MUST** include:
 - Visual representation of navigation flow
 - Content structure for each section (Home, About Us, Campaigns, Get Involved, Contact Us)
 - Design elements such as images, fonts, and colors

ADDITIONAL NOTES:

1. Plagiarism Warning:

- You are **NOT ALLOWED** to use ready-made templates. While you can refer to templates for ideas, you are expected to create the code yourself. Copycatting and plagiarism will result in an F grade for this project.

2. Duration:

- This project has a duration of 16 hours. Make sure you manage your time effectively to complete both the storyboard and the HTML/CSS development.

ASSESSMENT CRITERIA:

Your project will be evaluated based on the following criteria:

- Storyboard completeness and accuracy
- HTML structure and organization
- CSS implementation and consistency
- Visual design (fonts, colors, layout)
- Navigation and usability
- Browser compatibility (Google Chrome, Mozilla Firefox)
- Code quality (indentation, comments, structure)

All the Best!

<h2>PARTNERSHIPS</h2>

<p></p>
<b>Work Together</b>
<p>We can work together to benefit the underprivileged communities of
our nation through practical charity initiatives. This additionally offers employess
and customers a valuable opportunity to participate in volunteering experiences,
both directly and indirectly.</p>
<p>We are firm believers in non-discrimination and practise this by
helping where there is a need, regardless of race and religion. Our goal is to reach
more people in the marginalised communities we serve; as such, we welcome assistance
from the public.</p>

PARTNERSHIPS

Work Together

We can work together to benefit the underprivileged communities of our nation through practical charity initiatives. This additionally offers employees and customers a valuable opportunity to participate in volunteering experiences, both directly and indirectly.

We are firm believers in non-discrimination and practise this by helping where there is a need, regardless of race and religion. Our goal is to reach more people in the marginalised communities we serve, as such, we welcome assistance from the public.
